

# Genetically Modified Organism (GMO) Declaration Form

Date \_\_\_\_\_

Please complete for each shipment of corn, soybeans and cotton shipped to Illinois Crop's Puerto Rico farm. If you are shipping your own materials direct to the farm, fax or e-mail a copy of the completed form to Illinois Crop's Champaign office prior to sending seed. If Illinois Crop will be shipping for you from the Champaign, Illinois, office, please include a completed GMO Declaration Form with your shipment.

Please answer the following short questions so that we may assure that both Illinois Crop and its customers are in compliance with current USDA/EPA rules and regulations concerning the transportation and planting of regulated GMO's in Puerto Rico.

Please indicate what crop you are sending \_\_\_\_\_

- This shipment does not contain GMO seed.
- This shipment contains GMO seed. Please check one of the following below:
  - This material is not regulated and needs no further documentation.
  - This material is regulated and the proper permits, shipping stickers and protocol for shipping, handling and planting in Puerto Rico are on file with Illinois Crop or included with this shipment. The USDA/EPA permit number(s) are: \_\_\_\_\_
  - This material is regulated under an Experimental Use Permit. I have contacted Illinois Crop in advance, understand the special USDA/EPA requirements and have clearance and proper protocol for shipping, planting and handling. The USDA/EPA permit number(s) are:
