December 14, 2018

**Re:** The Sale of mixtures of Non-Certified Seed with Certified South Dakota State University PVP Protected Seed

To whom it may concern:

The following varieties are protected under Title V of the US Plant Variety Protection Act:

Oat	Spring Wheat	Winter Wheat	Soybeans
Colt	Advance	Darrell	Davison
Goliath	Boost	Expedition	Hamlin
Hayden	Brick	Ideal	Spink
Horsepower	Briggs	Lyman	Stride
Natty	Focus	Oahe	Surge
Saddle	Forefront	Redfield	Turner
Shelby 427	Granger	Alice	
Stallion	Prevail	Wendy	
Warrior	Select		
	Surpass		
	Traverse		

The South Dakota Board of Regents are the owners of the registrations or applications for each of the listed varieties above and give the limited permission to use the listed varieties in seed mixtures subject to the following conditions:

1. The PVP Title V variety that is used in the mixture must be certified by an official seed certification agency or from a certified seed lot.
2. The variety that is used in the mixture must be identified on the label as required by the U.S. Variety Protection Act and as a component of the mixture including the percentage of the mixture the component contributes.
3. Sellers of mixtures will maintain proper records for the mixture and components and record quality information for each mixture component and proof of certification.

Questions about this limited permission or the requirements set forth can be addressed to William (Bill) Gibbons at the contact information above.

Sincerely,

William Gibbons
